A GOOD JOB OF WOODS PAYS N

LEAVE THESE

Ripe trees and some medium-sized trees were taken out of this woods for sawlogs. The owner left plenty of thrifty, immature trees for future crops. Such cutting yields steady cash income.

When Cutting Timber for War Needs
Will Grow Rapidly and Produce

CUTTING FARM NOW AND LATER

TAKE THESE

These sawlogs are part of a large volume cut from this farm woodland. In addition to sawlogs, some pulpwood and fuel wood could be taken by thinning thick groups and cutting poor quality trees.

ds, Leave a Good Stand of Trees That
another Sawlog Crop in a Few Years

TREES TO CUT

Harvest ripe trees and thin crowded stands. Take out diseased, crooked, leaning, heavy-topped, or limby trees, and others of poor quality when you can sell them or use them on the farm.

TREES TO LEAVE

Leave medium-sized, fast-growing, root-firm, healthy trees of good quality and younger growth.

WISE CUTTING LEAVES A GOOD STAND OF TREES AND MEANS:

- ★ FASTER GROWTH
- ★ LARGER TIMBER CROPS
- ★ A STEADY CASH RETURN
